KOALA CUTTABLE HEAT TRANSFER VINYL

Heat Transfer Vinyl is a special type of vinyl material that can be cut into custom designs and transferred onto fabric using heat and pressure. It is widely used for personalizing apparel, accessories, and other textile items, offering durable and wash-resistant results that feel soft to the touch.

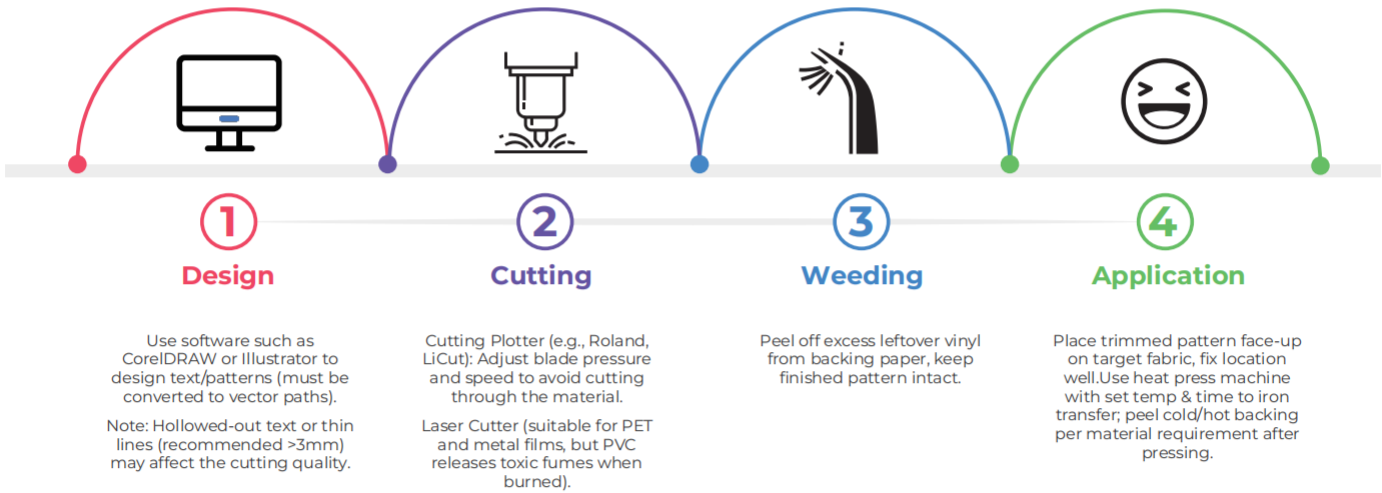

TYPICAL APPLICATIONS

- Ⓢ Custom Apparel – T-shirts, hoodies, jerseys, and sportswear
 - Ⓢ Fashion Accessories – Caps, bags, and denim jackets
 - Ⓢ Promotional Products – Branded giveaways and event merchandise
- Ⓢ Team Uniforms – Names, numbers, and logos for sports teams
 - Ⓢ Home Décor – Cushion covers, aprons, and fabric wall art
 - Ⓢ DIY & Craft Projects – Personalized gifts and handmade items

KEY FEATURES AND ADVANTAGES

- Ⓢ **Soft & Stretchy Material**
Provides a smooth, fabric-like feel with minimal hand feel
 - Ⓢ **Strong Adhesion**
Bonds firmly to fabric and remains durable through repeated washes
 - Ⓢ **Compatible with Most Cutters**
Works seamlessly with Silhouette, Cricut, and other hobby cutters
- Ⓢ **Easy Weed Technology**
Allows fast and effortless removal of excess vinyl
 - Ⓢ **Vibrant Color Performance**
Delivers bright, consistent colors that stand out
